

Rebranding Capital Market Union. A Market Finance Action Plan Report of a CEPS-ECMI Task Force

📅 23 settembre 2019 ore 15:00

📍 Sala delle Colonne Viale Pola 12, Roma

Set up in December 2018 to examine how to address these failings, a CEPS-ECMI Task Force brought together a broadly balanced working group of industry experts, academia, EU institutions and national authorities for research and discussions over a period of 6 months.

The Report stresses the need for political support at the highest level if CMU is to achieve its objectives. It recommends focusing action on the core bond and equity markets, and on promoting the participation of individuals in capital markets while introducing a set of indicators to measure progress towards more market-based finance.
